MAX HANBERRY.

Former Paducahan Will Murry in Trigg County.

The Cadiz Record contains an announcement of the marriage of Attorney Max Hanberry, formerly a resident of Paducah and a member of the local bar. Mr. Hanberry returned to Trigg county after a residence of a year or two here.

The Record says:

Hon. Max M. Hanberry, one of the most prominent attorneys of the Cadiz bar, will be married early in April to Miss Cordie Francis, of Nashville. The marriage will take place at the home of the bride's mother in Nashville, and will be a quiet home wedding. Miss Francis was reared near Roaring Spring in this county, and is a lady of many womanly graces. Mr. Hanberry enjoys a splendid practice and for a number of years has been prominent throughout Western Kentucky both in politics and in the practice of his profession. He and his bride will go immediately to Cadiz after the wedding where they will make their future home. The Record anticipates the event with hearty congratulation to both Mr. Hanberry and his charming bride.

WILL SIGN.

Mayor Yeiser Will Attach His Signature to Ordinances.

Mayor D. A. Yeiser said today that he would sign the Third street improvement ordinance, which requires the paving of all the thoroughfare from Kentucky to Fourth and Broad. It is the only one of the ordinances that has been finally passed.

Mayor Yeiser said he would also sign the \$1.85 tax rate ordinance. The mayor all along had contended that the tax rate would be \$1.65, but he was later convinced that it would not be enough.

NO. 4.

As a man becomes a better business man he comes to use the bank more and more. He depends more and more upon the bank as he draws nearer to the best business standards.

We know men who, if they had a sum of money today, which they knew they would dispose of tomorrow, they would still place that money in bank today and draw it out tomorrow. On the other hand, we know men who would not consider it necessary or right to place that money in bank, but would hold it out until they disposed of it.

It must be remarked that the first mentioned case is the right way to handle money. The other is a loose, unbusinesslike way of handling money. It has resulted in far greater losses through being stolen, burned or lost in other ways than the first has caused trouble and inconvenience. And right there is the point. The second class of men mentioned act as they do because, as they explain, it is too much trouble to go through the necessary process of placing the money in a bank.

MUCH DISCOURAGED AT PROLONGED DELAY

Doctors Wonder When Hospital Matter Will Be Settled.

It Was Hoped the New Hospital Would Be Ready for Patients by Now.

VERY LITTLE YET DONE

Paducah doctors seem to be getting discouraged over the delay in the new hospital matter, and think the city legislative boards are not pushing it as it could and should be pushed.

The object of the doctors was to have the institution in service before spring, but the boards have been so slow in passing proper measures of government, that the hospital, although practically finished except the furnishings, is no nearer being ready for service than it was three months ago.

"I coincide with Mayor Yeiser in a measure," one doctor remarked this morning, "relative to furnishing the hospital. We understand the city has not money but I favor borrowing it some way and going ahead with the furnishing of the institution. I have received many letters and communications from furnishing houses wanting to furnish the hospital, and will turn all my correspondence on this matter over to the mayor. If we buy everything at once, we can get a big discount and instead of paying a big price to furnish little at a time, if it is possible to borrow the money, then I say borrow it."

The boards have yet to pass the resolution providing for a board of managers. The original resolution was so interlined that the lower board could not tell what was really wanted, and referred it back for revision and to be written clearly. The doctors will urge that the matter be taken up at the next meetings and settled so active steps toward furnishing can be taken.

BOARD OF WORKS.

Hears Talk From Mr. Thomas, of Pittsburg, Pa.

The members of the board of works yesterday afternoon met Mr. G. M. Thomas, of Pittsburg, Pa., who has a plant on Green river, near Bowling Green, Ky., to manufacture street paving material. Mr. Thomas explained his material to the members, but it did not strike them favorably, because it could probably never be used successfully in Paducah.

His plan is to roll a few inches of crushed rock as a foundation, spread on this loose crushed rock, and on this his asphalt composition, which is in pulverized form, and is not heated. The asphalt is then rolled until it becomes part of the loose rock, and in some places may be a good thing. In Paducah, however, the soil is said to require a very substantial base, and for this reason concrete foundations are placed in, as under the brick streets and the bitumen.

DELEGATES NAMED.

Governor Beckham Appoints Two Paducah Doctors.

Governor Beckham has appointed delegates to the Anti-Tuberculosis congress at Atlanta, Ga., April 17 to 19 next, and among them are two Paducah doctors, Dr. J. T. Reddick and Dr. Olivia Nelson.

It is not known yet whether or not anyone will attend from Paducah. Mayor Yeiser appointed delegates several weeks ago.

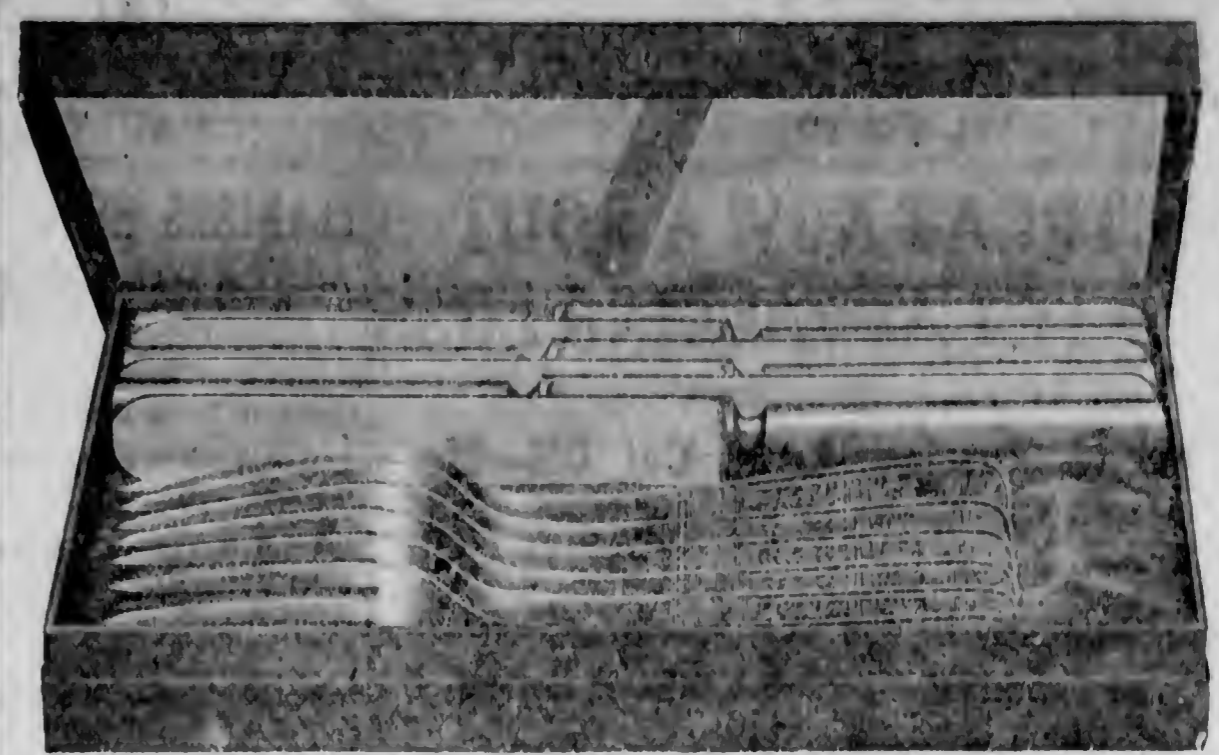

The Anti-Tuberculosis league has asked Dr. J. T. Brooks to read a paper at the gathering on "Outdoor Exercise as a Preventive and Cure for Tuberculosis," and he may do it.

The following has set Louisville crazy, and bids fair to outdo the noted "How Old Is Ann?"

HIT WITH CHAIR.

Louis Wiley Struck by a Stranger Last Night.

A strange white man hit Louis Wiley, colored, in the head with a chair down in the Will street saloon on lower Kentucky. It seems there was a rough house and Wiley was struck in the head with a chair by the strange man and laid out ready for the undertaker. As he was hit in the head, however, his injuries proved not to be serious and he was revived sufficiently to be taken to the city hall, where City Physician

The Week In Society.

WHAT SHE GAVE UP.

"One little sacrifice for Lent,
To make the year complete—"
My love tossed up her saucy head,
And stamped her tiny feet.
"Twas sad," I urged "no fair a maid
Should not more reverence show,
And give some cherished haire up,
Or let some trifle go—"
And when I begged her o'er and o'er
To give from her full cup
One little drop of joy for Lent,
Alas, she gave me up!
—Huth Sterry, in Feb. Hookman.

Lent and Society.

Lent beginning this week accounts for the unfiled spaces in the social calendar. Much has been crowded into Monday and Tuesday that Ash Wednesday might be observed with all the grace possible. Some of the entertainments have been notably attractive affairs, and introduced clever and charming features. Just how Society will relax, it is hard to say, but doubtless the rest and quiet will be most welcome, as the social season has been a long one.

The literary clubs will meet as heretofore, but some of the social clubs will discontinue for the forty days, at least the West End club will hold no meetings during Lent and the Sans Souci club will blossom forth again after Easter. The Entre Nous club at the meeting this week, decided to continue but with three tables only, the Leaten girls withdrawing, and later the club will organize again. This club is composed of a number of the season's most charming debutantes, and has given some very beautiful entertainments this winter.

From the outlook now it is probable that there will be only the most informal entertaining for some weeks.

Mansfield at The Kentucky.

The week was marked by an event of more than usual interest in the

coming of Richard Mansfield to Paducah. The Kentucky was graced by a most representative audience on Thursday evening to witness "Ivan, the Terrible." One of the most brilliant assemblages that has ever been in the playhouse, it was pronounced. There were a number of theater and box parties, some composed of visitors from near-by cities. Notwithstanding the Lenten season being on, Society's "backcloth and ashes" was by no means in evidence in the charming costumes worn to do honor to the great actor.

Mardi Gras Card Party.

Mrs. Linneaus Orme's Mardi Gras card party on Shrove Tuesday afternoon was an exceedingly pretty and effective affair. The house was picturesque in the Mardi Gras colors, yellow and purple. Jonquils and violets were used in profusion in the decorations. Between the parlors a large hand-painted masque was suspended by yellow and purple ribbons, on which the scene was kept. The tables were small masques tied with the yellow and purple colors, these were the clever work of Mrs. Orme's talented young son, John Orme.

Mrs. Charles Kiger and Mrs. John Scott tied for the first prize, a salad bowl, and Mrs. Kiger won. The second prize, a mayonnaise set was taken by Mrs. May Rieker. Mrs. Charles James, of Evansville, captured the lone-hand prize, a hand painted picture.

The elaborate course-luncheon was an attractive emphasis of the color scheme. The first course was orange ice with candied violets. In the last course the ice cream was served with the candied violets, and the cakes were laid in yellow and purple. The mints carried out the same colors.

Mrs. Orme's guest-list included only married ladies and they were:

Mrs. Henry Hughes, Mrs. Henry Bradley, Mrs. A. R. Meyers, Mrs. Frank Owen, Mrs. Victor Voris, Mrs. Harris Rankin, Mrs. Ad Rasch, Mrs.

C. H. Sherrill, Mrs. W. A. Gardner, Mrs. D. O. Park, Mrs. Luke Russell, Mrs. Roy McKinney, Mrs. George B. Hart, Mrs. John Little, Mrs. Charles James, of Evansville; Mrs. Robert Reeves, Mrs. Ben Welle, Mrs. Frank Fisher, Mrs. Gardner Gilbert, Mrs. Will Hopkins, Mrs. Leslie Soule, Mrs. Frank Boyd, Mrs. George Langstaff, Mrs. H. S. Wells, Mrs. R. D. Terrell, Mrs. C. K. Wheeler, Mrs. May Rieker, Mrs. John Scott, Mrs. W. K. Poage, Mrs. Hal Corbett, Mrs. J. M. Warren, Mrs. Charles K. Wheeler, Mrs. Lawrence Gleaves, Mrs. Wynne Tully, Mrs. Robert Rivers, Mrs. Edwin Rivers, Mrs. Henry Thompson, Mrs. D. L. Van Culin, Mrs. Lillard Sanders, Mrs. S. H. Winstead, Mrs. William Brainerd, Mrs. I. D. Wilcox, Mrs. D. I. Lewis, Mrs. Harry McElwee, Mrs. Joseph Gardner, Mrs. James Wilhelm, Mrs. James Utterback, Mrs. Edward Atkins, Mrs. A. H. Sowell.

Miss Rella Coleman Entre Nous Hostess.

Miss Rella Coleman entertained very charmingly on Monday afternoon at her home on West Jefferson street in honor of the Entre Nous club. It was a "Good Luck" party and the idea was attractively enforced throughout. A pretty color-scheme of green, white and gold was carried out in the house decorations. There were ten tables at cards and the tables were hand-painted four-leaf clovers with gold wish-bones. A gilt horseshoe suspended from the chandelier with a small green hammer for knocker, called the time of the games. The club prize, a picture of Cupid pulling a wish-bone, was won by Miss Helen Decker. Miss Clara Thompson captured the visitors' prize, pretty talley cards for six tables, hand-painted in butterflies.

The delightful course-luncheon emphasized the white and green effect in the salad and ice courses, and the cakes were iced with clover leaves and wish-bones most attractively. The guests were:

Mrs. W. A. Gardner, Mrs. J. E. English, Mrs. Victor Voris, Mrs. Harry Hinkle, Mrs. Henry Hughes, Mrs. William Marble, Mrs. Henry Bradley, Mrs. C. L. Faust, Mrs. C. H. Sherrill, Mrs. Roy McKinney, Mrs. Will Gilbert, Mrs. James Utterback, Mrs. Henry Grace, Misses Alice Hoyd, of Murray; Datha Norman, of Mayfield; Virginia Kinney, of New York; Frances Terrell, Nell Holland, Ethel Brooks, Rella Hatfield, Sarah Sanders, May Owen, Helen Decker, Margorie Hagby, Bruce Wearan, Robbie Lavink, Myrtle Decker, Margaret Clark, Clara Park, Hattie Terrell, Minnie Terrell, Elizabeth Sinnott, Clara Thompson, Faith Langstaff, Lula Reed, Hattie Hisey, Manie Cobb, Mary K. Sowell, Susie Jorgenson.

Magazine Club.

The Magazine club was very charmingly entertained by Mrs. Jas. A. Rudy at her home on Kentucky avenue on Thursday afternoon. The Spring Idea was charmingly carried

out by the hostess in honor of it being the first meeting of that season. The flowers and decorations were all appropriate to this season. The quotations in opening were from George Ade. The Atlantic Monthly was represented by Mrs. George Flournoy in a clever review on "Cleopatra." From Harper's Magazine Mrs. Robert Becker Phillips gave the story "At Eden's Gate," Miss Henrietta Koger a sketch of the "Hudson River" and Miss Ora Leigh reported the "Hook Shelf."

A beautiful luncheon was served in the dining room after the magazine reports. The lunch cloth was a charming lily-of-the-valley design, and the center decoration was of Ascension lilies, smilax and calla lilies. Calla lilies were laid across the ends of the table. The place cards were decorated with birds and butterflies, each one having an appropriate verse about Spring. The ices were served in pretty baskets in the forms of chickens and rabbits.

Beside the club members there were present: Mrs. Chambliss Simpson, of Dyersburg, Tenn.; Mrs. Henrietta Jackson, of Denver; Mrs. Stall, of Indiana, and Mrs. Louis M. Hicke

Delphic Club.

The Delphic club met on Tuesday morning at the Carnegie library. The discussion was a most interesting one and several clever papers were given. Mrs. Annie H. Morrow dealt with "The Barbizon School of Painters—Rousseau and Corot." "The Academic Francaise and Ecole des Beaux Arts" was described by Mrs. Elbridge Palmer. Miss Ethel Morrow told of "The Sorbonne—Hotel de Rambouillet."

At the business session of the club officers for the new club year were elected: President, Mrs. Robert H. Phillips; vice-president Mrs. Muscoe Burnett; secretary and treasurer, Mrs. Mary Moequod Watson. These will succeed Mrs. Frank Parham. Miss Helen Lowry, Mrs. C. H. Austin, who had served the two-year limit of the club, and will go into office next October.

Missionary Tea.

The Missionary Tea of Grace Episcopal church was held on Friday afternoon with Mrs. George C. Thompson on West Broadway. "Africa" was discussed in the searchlight of before and since the coming of missionaries to that country. Interesting papers were read by Mrs. Muscoe Burnett and Miss Jessie Nash.

U. D. C. Meeting.

Paducah chapter, United Daughters of the Confederacy, held the regular meeting for March on Thursday afternoon with Mrs. Joseph Gardner, at Clark and Fifth streets. It was a very pleasant meeting, but the inclement afternoon interfered materially with the attendance. An interesting paper on the "Fall of Fort Sumter" was read by Mrs.

Notary Public.

My commission expires Jan. 22, 1908.

Daily Thought.

You think that an opportunity must necessarily be something great and unusual; but the fact is, the stepping stone to the place above you is in the very thing you are doing. In the way you do it; it does not matter what it is.—Success.

The Weather.

Fair tonight and Sunday, with increasing cloudiness and warmer Sunday afternoon.

OHIO RIVER IMPROVEMENT.

Congressman Hurton, chairman of the rivers and harbors committee, in an address at Pittsburgh Thursday night thus encourages the "On to Cairo" move:

"Mark my words, gentlemen, the day will come, and it is not far distant, when boats will float down the Ohio at all seasons of the year, carrying the products of the great city of Pittsburgh, the workshop of the world, to every point on the compass where civilization is known. This is not a dream, but as sure as we sit here tonight it will eventually be realized. Do not expect it to happen in a day, in a week, in a month or in a year. It may take a decade, but it will come. You people of Pittsburgh have the enterprise and the push. Convince the whole country that you possess this, and convince them that it will be to every one's interest to have it accomplished."

This is all very nice, but the place to do the talking that counts is in congress, and it is to be hoped Congressman Hurton will always do as much for the "On to Cairo" move as his words indicate he desires to do.

ILLUMINATE PEACE OFFICERS.

Gov. Vardaman, of Mississippi, is changing his tune. He has just issued an address to the peace officers of the state urging them to do their duty in the enforcement of the laws. Beginning with the assault on a white woman in Jackson two weeks ago, the governor declares that if the officers of the law had done their duty in the suppression of vagrancy there would have been nothing of the kind. The governor says:

"I want the mob spirit discouraged in every way, and the only way to do it is to enforce vigorously the law against the vagrants. Officers of Mississippi, I expect you to do your duty. Most of the crimes that have been committed by negroes upon white women are traceable to your neglect of duty."

Still, no one has heard of any of these guilty officers ever being lynched.

Mayor Yeiser has decided to take up a matter of importance to every business man in the city, that of electric wiring. Complaint is made that wiring has to be changed to suit the whims of every new inspector who comes around. Insurance men claim that if the city had a wire

Inspector, and had had one during the past several years when one was needed so, all this trouble would have been avoided. An inspector who knew the rules of the underwriters would have seen that the wiring conformed to the rules, and there would have been no trouble. As it is now, there is no compulsion about changing the wiring. It is simply a case of changing it when it is ordered, or have your insurance cancelled or the rates raised. The city can apparently do nothing more than provide an inspector, let him get a copy of the rules of the underwriters governing wiring, and hereafter see that all wiring conforms to the rules.

After those city officials and others who claim the telephone company has no legal right to do business in Paducah and must get a franchise, fully demonstrate their claims to the general public by making the company get the franchise, they might explain why it is that Democratic administration after Democratic administration in Paducah has never done it before. They might tell the people why the company should all these years have been allowed to do business in Paducah "without any legal right." If it had none, it is certainly not much to the credit of past city administrations to say that for fifteen or twenty years they have allowed the telephone company to remain here and do business without a legal right.

John W. Gates yelled himself hoarse over a bull fight in Mexico, but it wasn't the kind of bull fight Johnnie is used to. He seems to have become very enthusiastic over the real thing, although the bear was not in evidence.

The saloon men can now gaily warble, "He was only teasing, he was only teasing me."

Washington March 11.—The secretary of the treasury has issued a warrant for \$750,000 in favor of McMurray & Cornish, lawyers residing in the Indian Territory, as fees for services rendered by them to the Choctaw and Chickasaw Indians.

SUGAR TRUST

IN A FAIR WAY TO GET FIVE MILLION FROM UNCLE SAM.

Money Was Paid on Raw Sugar Imported From Cuba.

New York, March 11.—Judge Wheeler in the United States circuit court of appeals, yesterday handed down an opinion, which, if finally sustained, will cost the United States government five million dollars. This money the government will have to refund to the American Sugar Refining company, for duties paid on raw sugars imported from Cuba in 1903 and upon which the company contended a reduction of twenty per cent should have been allowed under the then existing treaty.

The facts showed that the president was authorized by congress to grant a reduction of 20 per cent upon all merchandise imported from Cuba to the United States on and after ten days subsequent to the ratification by this government of the Cuban convention or treaty. This ratification occurred March 31, 1904. The importation upon which the test suit was brought was imported between July 14 and September 9, 1903. The collector at that time assessed the sugar demanding full duties, there existing at that time no law under which the reduction could have been granted. Subsequently the convention was ratified and the American Sugar company appealed to the general board of appraisers, which sustained the collector. An appeal to the United States circuit court followed.

In his opinion Judge Wheeler decides that as the ratification went into effect while the case was before the board of appraisers, the importers are entitled to the 20 per cent reduction.

Denver, March 11.—Further consideration of the Peabody-Adams gubernatorial contest has been postponed by the general assembly until Monday next for the purpose of obtaining an opinion from the state supreme court as to the right of the joint convention to declare a vacancy in the office of governor and the effects of such action. Three questions were today submitted to the court, answers to which may have an important bearing on the decision of the contest. The questions are as to whether the two houses in joint convention can legally adopt the Alexander report; whether the joint convention can legally declare a vacancy to exist in the office of governor and whether the joint convention, in the event of the adoption of the Alexander report can legally decide who is entitled to the office of governor.

SISTERS OF CHARITY

RELY ON PE-RU-NA TO FIGHT

CATARRH, COUGHS, COLDS, GRIP.

Perina for coughs and colds in children.

Perina makes strong children.

SISTERS OF CHARITY
All Over United States Use Pe-ru-na for Catarrh.

From a Catholic Institution in Ohio comes the following recommendation for the Sister Superior:

"Some years ago a friend of our institution recommended to us Dr. Hartman's Perina as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character.

"We began to use it and experienced such wonderful results that since then Perina has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

SISTER SUPERIOR.
Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic Institution in Detroit, Mich., reads as follows:

Dr. S. B. Hartman, Columbus, Ohio.
Dear Sir:—The young girl who used the Perina was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured."

This young girl was under the care of the Sisters of Charity and used Perina for catarrh of the throat, with good results as the above letter testifies.

Another recommendation from a Catholic Institution in one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Perina, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."

SISTER SUPERIOR.
A prominent Mother Superior says:

"I can testify from experience to the efficiency of Perina as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it.

"For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Ohio hoping to be benefited by a change of climate and while there a friend advised me to try Perina. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Perina.

"I am now treating another patient with your medicine. She has been sick with malaria and troubled with tonsillitis. I have no doubt that a cure will be speedily effected."

MOTHER SUPERIOR.
These are samples of letters received by Dr. Hartman from the various Sisters of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters, but will be furnished upon request.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of those with whom they come in contact, but they minister to their bodily needs. They are as skilled

as trained nurses in their treatment of diseases and are looked upon as messengers of good cheer by countless patient sufferers.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some organ or passage of the body. A remedy that would act immediately upon the congested mucous membrane, restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

The Sisters Find Pe-ru-na a Never Failing Safeguard.
Perina is such a remedy. The Sisters of Charity know this. When catarrhal diseases make their appearance they are not disconcerted, but know exactly what remedy to use. These wise and prudent Sisters have found Perina a never-failing safeguard. They realize that when a disease is of a catarrhal nature, Perina is the remedy. Dyspepsia and female weakness are considered by many to be entirely different diseases. That dyspepsia is catarrh of the stomach and female weakness is due to catarrh of the pelvic organs the Sisters are fully aware, consequently Perina is their remedy in both these very common and annoying diseases.

If you do not derive prompt and satisfactory results from the use of Perina, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanatorium, Columbus, Ohio.

SUGAR TRUST

IN A FAIR WAY TO GET FIVE MILLION FROM FISCAL SAM.

Money Was Paid on Raw Sugar Imported From Cuba.

New York, March 11.—Judge Wheeler in the United States circuit court of appeals, yesterday handed down an opinion, which, if finally sustained, will cost the United States government five million dollars.

This money the government will have to refund to the American Sugar Refining company, for duties paid on raw sugars imported from Cuba in 1903 and upon which the company contended a reduction of twenty per cent should have been allowed under the then existing treaty.

The facts showed that the president was authorized by congress to grant a reduction of 20 per cent upon all merchandise imported from Cuba to the United States on and after ten days subsequent to the ratification of the Cuban convention or treaty. This ratification occurred March 31, 1904.

The importation upon which the test suit was brought was imported between July 14 and September 9, 1903. The collector at that time assessed the sugar demanding full duties, there existing at that time no law under which the reduction could have been granted. Subsequently the convention was ratified and the American Sugar company appealed to the general board of appraisers, which sustained the collector. An appeal to the United States circuit court followed.

In his opinion Judge Wheeler decides that as the ratification went into effect while the case was before the board of appraisers, the importers are entitled to the 20 per cent reduction.

Dear Sir:—The young girl who used the Peruna was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured.
This young girl was under the care of the Sisters of Charity and used Peruna for catarrh of the throat, with good results as the above letter testifies.

Another recommendation from a Catholic institution in one of the Central States written by the Sister Superior reads as follows:
"A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.
"For grip and winter catarrh especially it has been of great service to the inmates of this institution."
SISTER SUPERIOR.

A prominent Mother Superior says:
"I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it."
"For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna."
"I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have no doubt that a cure will be speedily effected."
MOTHER SUPERIOR.

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.
The names and addresses to these letters have been withheld from respect to the Sisters, but will be furnished upon request.
In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of those with whom they come in contact, but they minister to their bodily needs. They are as skilled

as trained nurses in their treatment of diseases and are looked upon as messengers of good cheer by countless patient sufferers.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some organ or passage of the body. A remedy that would act immediately upon the congested mucous membrane, restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

The Sisters Find Pe-ru-na a Never Failing Safeguard.
Peruna is such a remedy. The Sisters of Charity know this. When catarrhal diseases make their appearance they are not disconcerted, but know exactly what remedy to use. These wise and prudent Sisters have found Peruna a never-failing safeguard. They realize that when a disease is of a catarrhal nature, Peruna is the remedy. Dyspepsia and female weakness are considered by many to be entirely different diseases. That dyspepsia is catarrh of the stomach and female weakness is due to catarrh of the pelvic organs the Sisters are fully aware, consequently Peruna is their remedy in both these very common and annoying diseases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A well known educator of Boston found a way to keep the brain and the body in that harmonious co-operation which makes a joy of living: "Two years ago," she writes: "being in a condition of nervous exhaustion, I resigned my position as teacher, which I had held for over 10 years. Since then the entire rest has of course, been a benefit, but the use of Grape Nuts has removed one great cause of illness in the past, namely, constipation, and its attendant evils."

"I generally make my entire breakfast on a raw egg beaten into four spoonfuls of Grape Nuts, with a little hot milk or hot water added. I like it extremely, my food assimilates and my bowels take care of themselves. I find my brain power and physical endurance much greater and I know that the use of the Grape Nuts has contributed largely to this result."

"It is with feelings of gratitude that I write this testimonial, and trust it may be the means of aiding others in their search for health." Name given by Postum Co., Battle Creek, Mich.

INSISTS ON IT.

Mr. Dink Says He Will Quit, Although He Is Urged to Stick.

Councilman Louis P. Dink has decided definitely to resign and stated today that he would tender his resignation to Mayor Yelzer before the next meeting.

His many friends have been urging him to remain in the board but he says his business will not permit. He is a good man and the city authorities regret to learn of his resignation. He resigned to the general council when he should have directed the resignation to Mayor Yelzer and on account of the technicality, the resignation was referred back to him.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is
Preserving Health and
Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

other relatives, left this week for Owensboro to join Mr. James.

Miss Irene Faris and Miss Nellie Rogers, of Hickman, arrived on Thursday to visit Mrs. Roy McKinney, on West Jefferson street and to see Richard Mansfield in "Ivan, the Terrible."

Miss May Davis, who attended Mardi Gras in New Orleans, stopped over in Memphis en route home, to visit relatives.

Miss Mary Swiggart, of Union City, Tenn., is the guest of Miss Irene Scott, on North Fourth street. Miss Swiggart came from Mayfield, where she had been visiting.

Miss Anna Bird Stewart, the popular teacher of English in the Paducah high school, who has been ill this week from tonsillitis, is much improved, her many friends will learn with pleasure.

Mrs. John L. Webb left this week for Nashville, Tenn., where she will be the guest for several weeks of her daughter, Mrs. Hamilton Parks, of West End avenue. Mrs. Webb is as much a favorite in Nashville social life as in Paducah, where her friends are legion.

Mrs. David Alexander left on Thursday of this week to join her husband, Rabbi David Alexander, in Toledo, O., where he has been for several weeks in charge of the largest synagogue there. Mrs. Alexander remained here with her mother, Mrs. Lee Schwab, who is recovering from an illness of some months. She is endowed with charms to win many friends in her new home.

Mrs. Maude Atkins and Miss Mary Lawson, of Dyerburg, Tenn., are expected the latter part of next week to be the guests of the Misses Walker on Broadway. Mrs. Draper was Miss Olive Tenney, of Dyerburg, at whose recent wedding Miss Evelyn Walker was maid of honor. Mr. and Mrs. Draper and Miss Atkins have visited here before and are pleasantly remembered.

Don't believe the fellow who tells you what he would do if he were in your place.

Called Session Held and Street Improvements Were Given Final Passage, Also.

OTHER BUSINESS TRANSACTIONS.

The board of aldermen held a called meeting last night to act on several ordinances passed the first time the night before.

The \$1.85 tax rate ordinance was given second passage, and when signed by the mayor will make Paducah have the highest tax rate possible under a second-class charter, for the second time in recent years.

The street reconstruction ordinances for Kentucky avenue from Second to Ninth, Jefferson from Second to Ninth, Third street from Kentucky avenue to Fourth and Broad, and Sixth, Seventh and Ninth from Jefferson street to Kentucky avenue, were given second and final passage.

The date of L. A. Lagomastino's license was changed so as to read March 8th, the date his money was deposited.

A quart liquor license was granted the Jake Niederman Grocery company at 305 South Seventh street. The firm applied for a license at 305 and 307, and only one number could be legally designated, hence the aldermen at their regular meeting deferred action until the company could select for which number it desired the license.

The board ratified the contract made by the joint fire committee with the American-La France Fire Supply company for a new hook and ladder for Tenth and Jones street station. Aldermen Strick and Kraus voted against it, as no appropriation has been made for it.

In the matter of buying a runabout for Fire Chief Woods, the board ordered that new bids be taken. The bid submitted by the Columbus, O., buggy company which was the lowest, simply specified that they were to furnish for \$292 a buggy "of their usual kind," which was too indefinite.

DAMAGE SUIT.

Against I. C. Detective On At May-
field, Ky.

Detectives Murray and Sullivan, of
the I. C. are in Mayfield attending the
trial of a damage suit brought by
Arthur Lloyd against the latter.

Sullivan was on a colored excursion
train coming from Memphis and
on reaching Mayfield Lloyd ran out
of the coach and grabbed Detective
Sullivan's hat as he went, not know-
ing the man was an officer and on
the train to keep order.

Sullivan chased the negro about
the depot and shot at him several
times, one shot taking effect. The
injury was not serious and Sullivan
was acquitted in the examining court
but Lloyd brought a damage suit for
\$2,500 for personal injuries.

Sullivan is well known here, hav-
ing been with Detective Dinnon, the
Louisville division special agent, in
Paducah on business several times.
Sullivan was in Paducah after the
slaying last summer and remained
here for the examining trial, return-
ing to Mayfield the next day.

Detective G. P. Murray arrived
from Mayfield this morning and at-
tended that Lloyd, who was warranted
for robbery in stealing Detective
Stephen Sullivan's hat, pleaded guilty
to petty larceny and was given thirty
days in jail, and in addition Lloyd
dismissed his damage suit against

Sullivan and the I. C.

Detective Murray is assistant chief
of the I. C. system, and from Padu-
cah went to Louisville on business.

Over the Border

By ... **ROBERT BARR**,
Author of "Jennie Baxter, Journalist," Etc.

Copyright, 1903, by Frederick A. Stokes Co.

"You gave your consent at Northampton; thus I say you set her to the task, and well she performed it. 12 years ago had done your bidding as faithfully, I had never crossed the border."

"You are quibbling. She is a traitor, and more honest than you; she admits it."

"I say she is a traitor," cried Armstrong, red anger flushing his brow. "The hot border blood sprang into mastery for the first time during their controversy, and he failed to note that Cromwell remained cold as ice at the beginning, and might be negotiated with, if he had remembered the commander's resolve to enlist the Scot in his service. But before the general could give him of a bargain, the impetuosity of the younger man left him only the choice of killing the Scot where he stood, or apparently succumbing to him, a most dangerous alternative had Armstrong to deal with one less schooled in the repression of his feelings than Cromwell. The ill-advised borderer dropped his hat silently to the floor, dashed forth his sword and presented it at his opponent's throat."

"They tell me you wear a sword," said the Scot, his voice as cold as his face. "I will not help you. No human power can avail you at this moment, for if you cry out my blade advances, and a bit of your backbone sticks to the point of it. You see I cannot help my self, but must kill you unless I get your promise."

"Cromwell sat right, not a muscle of face or body moving. The sword was held as steady as a beam of the roof. "I implore you to heed me," continued the young man, seeing the other did not intend to speak. "I implore you, as if I were on my knees before you, and my life in your hands, instead of yours in mine. Will you let the great affairs of state be jeopardized to avert two lives? For you shall the king's wife, for there is none in England can fill your place. Have you sons and daughters of your own that your heart goes out to? Think of them, and be kind to us."

"Will you marry the girl?" "Surely, surely."

"Here, before you depart together?"

"There and now, if there is one to knot us."

"You know that a promise given under coercion does not hold?"

"I know it well, but the word of General Cromwell is enough for me, once it is passed, however given."

"Then take down your sword; I promise, and am well rid of you both."

With a deep sigh of relief Armstrong sheathed his sword and lifted his hat from the floor. Cromwell rose from his chair and paced twice up and down the long room between the great moonlit windows and the table. He paused in his march, looked up at the dim gallery and said:

"Cobbs, come down."

To Armstrong's amazement, who thought he had been alone with the general, he heard hurrying heavy steps come clumping down the wooden stair, and a trooper, with primed musket in his hand, stood before his master.

"Cobbs, why did you not shoot this man dead when you saw him draw his sword?"

"Because, excellency, you did not give the signal."

"If I had, what then?"

"He was a dead man before he could move an arm or your finger was on the trigger again."

"You have done well. That is what I like—exact obedience and no panic. Keep your lips closed. Go and tell your colonel to come here."

The man withdrew and Cromwell resumed his walk, making no comment on the brief dialogue. William blew a long whistle, then he laughed a little.

When the colonel came in, Cromwell turned to him and said:

"Is that malignant braver, chaplain to Lord Rutland, in the cell yet?"

"Yes, excellency."

"Tell your men to clear out the chapel at once and light it. There are some stores in it, I think, and bring the reverend graybeard to me."

In a few moments the colonel returned, accompanied by an aged clergyman, who, despite his haggard and careworn look and bent shoulders, cast a glance of hatred at the general which seemed to settle him to the spirit of Cromwell had bestowed upon him. To this silent defiance Cromwell paid no attention, but said to him:

"Sir, you may own your liberty tonight by marrying two young people in the chapel."

"That will I not," returned the clergyman stoutly, "and all your tyranny cannot compel me to do so."

"The wench," continued Cromwell, unmoved, "you already know. She is Frances Wentworth, daughter of the late Earl of Stratford. The groom stands here before you—William Armstrong, a Scot, who has but lately carried a message from the man Charles, at Oxford, to Trappinole on the border. I should like him, but he prefers the noose; you can tie to one my hands whilst he preaches."

"The old clergyman looked at Arm-

strong with an interest he had not displayed on entering the room.

"Have you, then, seen his gracious majesty the king?"

"Yes, reverend sir, and but a few days ago."

"And carried his message safe through these rebellious borders now deserting the hand?"

"There was some opposition, but I won through, thanks to my horse."

"And thanks, no doubt, to your own loyal courage. God bless you, sir, and God save the king. The holy you have chosen is worthy of you, as you of her. In God's shattered temple I will marry you, if it falls within my power."

When the colonel came in with Frances the girl turned a frightened look upon the group as she saw who stood there.

"Oh," she cried impulsively, "I told you not to come."

"The who who are to obey, not he," said Cromwell harshly. "He has come for you. Will you marry him?"

The girl allowed her eyes to seek the door and did not answer him. Even in the candle light her cheeks turned rosy red.

"Come, come," cried Cromwell impatiently, "yes, or no, wench."

"I will not have her so addressed by any," spoke up Armstrong, stoutly stepping forward, but the girl dashed a glance from her dark eyes on the commander.

"Yes," she said, with decision, then directed her look on her lover, and so to the door again.

With that Cromwell strode out and led the way to the chapel, so hastily converted from a storeroom to its former purpose. The old divine took his place with the young people before him, the group of officers in the dimness near the door. Cromwell, however, stood near the girl.

"Slip off one of your rings and give it to this pastor," he whispered to her. "We are short of such gear here, and I doubt if your man ever thought of it."

Frances, without a word, selected from the number on her fingers that which had been her mother's wedding ring, and handed it to the clergyman.

"Heavily beloved, we are gathered together here in the sight of God, and in the face of this congregation, to join together this man and this woman in holy matrimony, which is an honorable estate, instituted of God in the time of man's innocency, signifying unto us the mystical union that is between Christ and his church; which holy estate Christ adorned and beautified with his presence, and first uttered that he wrought in Cana of Galilee."

As the solemn words resounded in the ancient chapel, the old man straightened himself, the former anger in his face gave way to a benignant expression and his attitude took on all the grave dignity of his calling. He went on with the service until he came to the words:

"Who giveth this woman to be married to this man?"

Cromwell stepped forward and said brusquely, "I do."

The clergyman seemed to have forgotten the commander's presence, and now paused when it was recited to him; then he went on to the end.

Once more on horseback, and clout of Corbion Manor, her hand stole into his.

"Well," he said, "which way?"

"If you are willing, I will take the way known to me, and lead you to my home; tomorrow you may take the way known to you, and lead me to yours."

"Frances, I am ready to follow wherever you lead."

And so they went forth together in the glamour of the moonlight.

THE END.

A man can afford to declare that money isn't everything if he has more of it than he knows what to do with.

HEAVY EXPENSE
IS SMALLPOX TO THE CITY OF PADUCAH.

Mayor Yelzer Says Boats Unload Patients Here Very Often.

Mayor Yelzer thinks the city is being imposed on in the matter of smallpox patients, and says the pest house is a big item of expense on the city.

Pest House Keeper Wheelers applied to the mayor this morning for sulphur and other fumigating material for the pest house and Mayor Yelzer instructed him to take the bedding, carpets, etc., taken from Hotel Richmond, fumigate them thoroughly to make an inspection in court, if necessary, safe, as he understood Col. Rud Dale of the hotel, was threatening to sue in courts for his bill of \$50 for the property.

"When smallpox was discovered in the hotel," Mayor Yelzer explained, "a carpet and some bedding were taken to a house fitted up by Mr. Nelson's family, and Col. Dale presented a bill for \$80, which is exorbitant, I think, inasmuch as Mr. Wheeler has told me the goods were never worth half that much. The city does not want to do anything but what is right by Col. Dale, but if he is going into court we want to be prepared and will have the goods ready for an inspection."

Mayor Yelzer further stated that six negroes taken from steamboats were in the pest house. This is one expense the city must bear and is one of the hardest to pay. Mayor Yelzer stated that negroes are frequently unloaded from boats with well developed cases of smallpox and the city was forced to send them into quarantine in the pest house for its own protection.

He estimates the average cost per day per patient at about \$3. This is for Mr. Wheeler and a cook's salary and other necessary expenses. This will make for the six patients about will make for the six patients unloaded from boats about \$18 per day. The average illness will run 24 days making for the six patients about \$432. This will show one expense this department heaps on the taxpayers.

League Opening TO BE DECIDED ON
K. I. T. Representatives Will Meet Here Tomorrow.

It Will Settle Whether or Not Henderson and Hopkinsville Will Be in the League

AND MUCH OTHER BUSINESS

There will be a meeting of members of the K. I. T. league at the offices of the Paducah City Railway Co., on South Fourth street, tomorrow at which the opening of the league will be decided, the schedule adopted and the election of a board of directors held.

The baseball fans have been looking forward to this meeting with much interest because it will decide whether or not a long season will be arranged and what towns will be in the league. Hopkinsville and Henderson have failed so far to place guarantee funds and have both been notified that unless the fund is placed in the hands of the treasurer by tomorrow, they will not be in the league and other towns will come in. Both cities have assured President Brown that they intended coming in and will have the necessary money on hand by tomorrow to deposit with the league treasurer.

The first matter to be taken up will be that of finally settling the league membership. If Hopkinsville and Henderson, and Hopkinsville is the only uncertainty of the two, come in, the league can proceed without delay, but in event one or both refuse to come in, another meeting will have to be called and more towns taken in unless the remaining four cities agree to make it a four club league.

After the membership matter is settled a board of directors will be elected. This will consist of three men, one from each of the towns in the league. Each must own stock in his home club to be eligible.

After the membership matter is settled a board of directors will be elected. This will consist of three men, one from each of the towns in the league. Each must own stock in his home club to be eligible.

Following this the schedule will be decided on—that is, if Hopkinsville comes in. Each city was asked to present a schedule but Paducah will have none, it is understood ex-Secretary Parabaker of Cairo, will have one, and President Brown will have none and President Brown has two sent by Mr. Loomis, of Evansville, which will be presented.

Only one schedule has thus far been submitted to the K. I. T. league for the season. Twenty-five dollars is offered for the best one, and Raymond Loomis, of Evansville, has sent one to be considered by the league officials.

Otho Mullen, the long-legged out-fielder of the Blue Birds, may not be seen in a Henderson uniform this season. He has decided he would rather be a cop, and has been elected on the Hopkinsville police force. He writes Secretary Zimbro at Henderson that he will report for duty at Henderson at the proper time if he "doesn't make good" on the Hopkinsville police force.

Lowery Bryant, the Henderson pitcher, writes from Huntsville, Ala. that he would like to be with the club again this season and will probably be signed.

Johnnie McClain, signed by Vincennes for the outfield, has been named for a man named Donovan.

The people of Hopkinsville want to know. Here is what the New Era says:

All eyes in local fandom are turned on President Hancock. He holds the key to the baseball situation, and thus far has not opened it up for public inspection. Devoted to the game, a fine judge of players, and first-class business man, he has only to take charge of the organization of the Hopkinsville team with his accustomed vigor and great baseball hero this summer is a certainty. But one day remains in which to see subscribers, unless Mr. Hancock and his associates are again ready to back a club. The forfeit must be posted March 12, or Hopkinsville will be out of the league. What about it, Mr. Hancock?

Bad Men Prove Costly.
Mt. Sterling, Ky., March 11.—For the past six months a real estate dealer of this city has been working on a deal with eastern capitalists, and the contract was virtually closed. It stated that because of the Hargis trouble the eastern men withdrew their offer, and the deal was off. The purchasers would have spent \$500,000 in developing the property.

BRIDGE OVER OHIO

IS OBJECT OF ALLEGED LATE RAILROAD TRANSACTION.

Metropolis People Think the Bridge Is More Than Likely to Be Built There.

The latest reports relative to railroad extensions in this section comes from Metropolis, and it is impossible to determine whether it is a common, every-day "pipe," or there is foundation for it.

At any rate, the Metropolis Journal-Republican of today, says: "There is still a great deal of talk about the railroad interest of the city. The latest report is to the effect that the I. C., the Wabash and the Frisco will unite and bridge the river at this point. This is the best plan that has been offered yet and it is almost certain that the Wabash will enter this city in the near future. The I. C. bridge at Cairo cannot handle the increased traffic of the road and the bridge will not stand a double track. The time has come for the people of Metropolis to do something. It is well known in railroad circles that this is the best point on the river for a bridge and it is only a question of time until there will be one built, but the railroad companies always have and always will, go where the most inducements are offered.

FIVE YEARS GONE.

Caleb Powers "Rounded Out" His Fifth Yesterday.

Louisville, Ky., Mar. 11.—Caleb Powers yesterday completed five years in jail. He was arrested on March 10, 1900, at Lexington, on an indictment from the Franklin court, charging him with engaging in a conspiracy to bring about the death of William Goebel. On March 10, 1905, he is in jail here awaiting his fourth trial.

Powers' case has become one of national interest, and he is today, doubtless, the most noted prisoner in the United States. He has been tried three times, there being two verdicts of life imprisonment and one inflicting the death penalty. The court of appeals has reversed all these findings and has sent the case back for another trial.

The way in which Powers has borne up under his troubles and has endured his five years' imprisonment has won many friends for him, even among those prejudiced against him. Constant employment has been his salvation. He has kept his mind occupied and has never permitted himself to brood. Regular exercise has kept him in fairly good physical condition, though he has been handicapped by a constant stomach trouble. The bad air of the prison is what he has had chiefly to contend with.

After five years' imprisonment Powers finds himself now in the same position he was on the day of his arrest.

Are to Be Conferred On Local Confederate Veterans.

The Daughters of the Confederacy will on June 3, Jefferson Davis birthday, confer the southern cross of honor on any veterans who have not secured one.

Mrs. V. A. Thompson, president of the local Daughters of the Confederacy, has learned there are several veterans in the city without crosses, and informed Mr. J. V. Greif that the chapter will confer the crosses to all applying on the 3rd of June.

Theatrical Notes

TONIGHT AND NEXT WEEK AT THE KENTUCKY.

Tonight The Fifty City.
Monday Night and Balance of Week.
(Matinees Wednesday and Saturday)
The Gertrude Ewing Company.
Ladies free Monday Night.

The repertoire to be presented by the Gertrude Ewing company at the Kentucky next week is as follows: "Slaves of the Far East," "A Minister's Woo," "Claders," "A Fatal Marriage," "The Lady of Lyons," "The Country Wife," "The Girl From Frisco." Special scenery is used in the production of the difficult plays, while vaudeville and specialties will take up the time between acts, making each performance continuous, and as is customary ladies will be admitted free Monday night if seats are reserved before 5 p. m. Monday.

The Little Rock Gazette has the following in their notes of the stage in the Sunday, Jan. 8th issue:

"Miss Gertrude Ewing, who is now at the head of the company which played five nights at the Capital theatre last week, has been on the stage practically all her life. Little Rock not being on a vaudeville circuit no opportunity is given local play-goers to see the full list of vaudeville stars as in the larger cities, and probably few of her admirers of today know that she is the same 'Italy Ewing' who, as a very clever child performer, made a great hit in vaudeville. She still has the medal presented to her at New Orleans before she was five years old. Now, as then, her mother is her constant traveling companion."

Miss Ewing and her company fill a week's engagement at the Kentucky, starting Monday, March 13, at popular prices.

Mr. Chris McMahon, the tuba and double bass player, who has been with a number of good attractions during his career as a musician, has just received an offer to join the Al Field minstrel, which is one of which any musician should feel proud, as only the best can get with Al Field. On account of the lateness of the season Mr. McMahon will not accept. Mr. Field's season closes the 7th of May.

for the fact that the number of people he advertises to carry were not seen on the stage here. He carries the baggage, scenery, costumes and people for several big plays, among them Richard III., Hamlet, Hamlet, and Ivan the Terrible.

The Murphy and his company ran into a snow-storm recently in making the trip from Marion, Ind., to Battle Creek, Mich., and were compelled to charter a special train to enable them to reach the latter city. The train was not rung up until long after the regular hour, but he was greeted by a roasting house which had waited patiently.

Boiler Exploded.

Last Friday evening the boiler of the Patterson mill exploded almost completely wrecking boiler and engine. From the appearance of the week the boiler was almost dry, although the fireman claimed that the water gauge indicated plenty of water just before the explosion took place. W. H. Patterson and Ed. Wilkins, who were the only persons at work near it, were blown several feet and rendered unconscious. Both were badly scalded and bruised. Fortunately they are not seriously hurt. The boiler was old and badly strained, and the explosion was no surprise, but how the two men escaped being killed is a mystery.—Goldsboro Herald.

The Medicine is worth more to you than the money

WILLIAM G. ROGERS.

KANSAS CITY, Mo., April 28th, 1904.

PEPSIN SYRUP CO.,
Monticello, Ill.

Gentlemen:

I am more than pleased to recommend Dr. Caldwell's Syrup Pepsin for any one suffering from organic disorders. Late hours, irregular meals at different hotels, excessive work and continual loss of sleep so upset my digestive organs that it was next to impossible to sing my roles.

To appear to the best advantage in my work, a healthy physique is absolutely essential. At the suggestion of a friend I tried several bottles of your Syrup Pepsin. I never felt better than at present.

It is now one of my fixed rules to carry a bottle of your medicine in my traveling case. For the benefit it has done me I feel under lasting obligations.

Very sincerely yours,

WILLIAM G. ROGERS.
